

Study in Hong Kong

Study in Chu Hai College of Higher Education

New campus, New beginning

One of Hong Kong's most respected and historic higher education institutions, Chu Hai moved to a brand new, award-winning campus in 2016, situated on Castle Peak Road, Tuen Mun, and designed by renowned architect Rocco Yim. With its vast open space windows creating light and airy interiors, the new campus offers stunning, expansive views across the Marine Park and Castle Peak Bay from different locations within the campus, making it an inspirational, peaceful and accessible environment. All just 30-45 minutes away from Hong Kong's bustling Central business district.

Such a modern, newly designed campus naturally offers first class facilities, including fully equipped classrooms and auditoria, an enormous indoor gymnasium, and restaurant and cafeteria offerings.

Special facilities include a professional standard cross-media visual production studio, architecture studios and civil engineering laboratories.

Bright, fully furnished dormitories offer overseas and visiting students a home away from home conducive to study and a peaceful retreat after a day's activities, with a single bed, wardrobe and bookshelf. Communal facilities include a laundry room, pantries, shower rooms and toilets.

There is no better equipped, more comfortable and stunningly designed campus in Hong Kong, as Chu Hai is the newest higher education campus to be built in recent years.

A Hong Kong education An international future

When you come to live and study in Hong Kong, you are opening a door to a whole new world, and a bright future for your studies and eventual career.

Not only would you immerse yourself in the importance of gaining a respected higher education from caring, experienced tutors, the chance to study at Chu Hai College of Higher Education opens up a vibrant world of discovery in one of the world's truly great cities.

There is more to Hong Kong than just a fast-paced life and shimmering skyscrapers. With over 261 islands, and 700 square kilometers of green hills and national parks, Hong Kong itself is a joyous world of discovery. A multi-cultural, English-speaking metropolis with a great history and an even more promising future.

From its well-deserved reputation for fantastic food, to its night-life, entertainment industry and stylish lifestyle, there are fewer cities in the world where so much is distilled into one relatively compact destination. This is a city and way of life where it is impossible to get bored!

Studying at Chu Hai in Hong Kong will broaden your horizons as well as connect you to the world and a bright future whatever career path you will take. As an important 'world city', Hong Kong's position as a gateway to China is significant, and also acts as a connection to the rest of Asia as a central international and regional hub. Hong Kong is the world's largest platform for economic, financing, social and cultural cooperation.

As most of the courses in Chu Hai are taught in English and Cantonese, communication for non-local students is easy, and you would have no trouble settling in to a brand new life.

From here you can consider exciting options. Holders of Bachelor degree from recognized higher education institutions in Hong Kong can apply for admission to Master degree studies in other universities in Hong Kong, Mainland China and overseas. For graduates with a degree earned in Hong Kong, the implications for your future career success are even more exciting. Fresh graduates can stay in Hong Kong for one year to explore career opportunities, and apply for a working visa after employment and after living and working in Hong Kong for seven years, you have the option to apply for permanent residency.

All of which makes studying at Chu Hai College an exciting option for your further education.
