默默耕耘 裝備好自己

2012年 土木系畢業生

馮敬璋

從珠海畢業已經三年多了，感覺自己是比較幸運的一群，修畢土木工程後，適逢建造業需要大量人才，在求職上沒有遇上待業問題。這三年內，一直都是從事顧問設計的工作，沙中線、海港淨化計劃、機場三跑配套等大型項目都接觸過。顧問設計一般都是在寫字樓工作，甚少處理地盤現場施工的問題。近幾個月，覺得自己的

施工經驗淺薄，決定應徵承建商，現時在一家中資的承建商工作，負責港珠澳大橋的項目。由於環境的轉變，適應上仍然是一項挑戰。

由於專業資格所需的關係，我晚上需要進修，「半工讀」的滋味卻是一言難盡，不久前總算修畢一個香港科技大學土木系碩士學位，希望對我的資

歷有幫助。珠海的土木工程學士課程涵蓋廣泛，並非於某一範疇獨沽一味，所以在報讀進修課程的時候，都能夠符合多方面收生要求。在此亦勉勵珠海師弟妹，要忍耐默默耕耘的時候，裝備好自己，迎接未來的機會，免得痛恨光陰已逝。

編者言 Editor's note

新年伊始，萬象更新！本期的封面，是珠海學院位於屯門新校舍外貌的圖像，校舍建築的進度是經已平頂，現時是內部裝飾和設備配置。「珠海」師生及校友們期待9月搬遷至新校舍，在新一年享用新校舍。學院早前特意製作了一個短片，由學生做主角，宣傳新校舍#Move In，大家可以到學院網頁瀏覽去感受一下。

2016年下半年，除了新校舍的啟用外，還會開展明年70週年校慶的籌備工作，其中一項就是——「尋人」，希望能取得每屆校友的最新通訊資料，包括通訊地址及電郵地址，以便能將70週年校慶各項活動的資訊，第一時間發放給每一位「珠海人」。期待大家一同參與這個尋人項目及明年的70週年校慶各項活動。

本期通訊，有多篇校友的分享及新動向。希望利用這份刊物，達到校友之間更多的互動，在忙碌的生活中、茫茫人海裏，認識或不相識，知道其他「珠海人」的動向。同時，全球校友會亦發揮「珠海人」的情誼，提供聯絡資料，若有「珠海人」在當地需要支援，他們是樂於獻出一分力。

2016是滿有喜悅的一年。在此祝願大家歡樂年年、身心康泰！

Inter-institutional Architectural and Urban Design Programme (IAUDP): Adaptive urbanism- Hong Kong new town development 1960-2046

Programme on Day 1
Site Visit and field study at a monastery in Tsuen Wan.

Programme on Day 2
Participants observed and experienced the cityscape at the elevated pedestrian walkways in Tsuen Wan city centre.

The Department of Architecture organized Inter-institutional Architectural and Urban Design Programme (IAUDP) at the college in 2015. The programme was successfully completed on 30th Nov 2015, with over 100 participants in total.

With the topic 'Adaptive Urbanism- Hong Kong New Town Development 1960-2046', Architecture and Urban Design scholars and professionals from USA, Spain, Belgium, Taiwan and Hong Kong collaborated to investigate the history, design and sustainability of Tsuen Wan, the first New Town in the 1960s, with an agenda to derive a sustainable new town development model for the future of Hong Kong.

The programme served as a model for the larger issue of recycling Hong Kong's New Towns in the face of the rapid transformation of the city. The recent introduction of new underground train lines, the deterioration of factory buildings and the construction of new residential towers in Tsuen Wan all provided opportunities to reflect how city space were and will be adapted in Hong Kong's New Towns.

The programme first extended the definition of ecology to encompass the 'social-natural' complex system dynamics of New Town development, and put into play two methodologies: Cinematics and Digital Modelling to document the urban morphology. The 8-day

Programme on Day 3
Sharing of new perspectives of new town development by professors and students of Univeriteit Hasselt (Belgium).

Programme on Day 2 to Day 5
Design workshop led by overseas professors to investigate urban morphology of Tsuen Wan against time.

Programme on Day 4 and Day 6
Critique sessions of students' presentation.

Programme on Day 8
Final presentation of past and future digital model of Tsuen Wan to reveal 'Adaptive Urbanism'

programme encompassed lectures, site visits, workshops and presentations. Dean Professor Brian McGRATH of Parsons the New School for Design (USA), Professor David Grahame SHANE of Columbia University (USA), Professor Eugènia Vidal CASANOVAS of Universitat Politècnica de Catalunya (Spain), Professor Peter BONGAERTS and Professor Nick CEULEMANS of Univeriteit Hasselt (Belgium), Professor HSUEH Cheng-Luen Hseuh of National Cheng-Kung University (Taiwan) and Professor Sylvia NGUYEN of the University of Hong

Kong were involved in the lectures and workshops. Over 100 participants from Hong Kong, Taiwan, Thailand, Korea and Belgium participated.

The programme was funded by the Research Grants Council under Inter-institutional Development Scheme of 2014/ 15 Competitive Research Funding Schemes for the Local Self-finance Degree Sector, with Professor Paul CHU of the Department of Architecture as the Principle Investigator.

Prominent scholars deliver open lecture at CHCHE

The Faculty of Business resumed its Business Executive Seminar Series starting from October, 2015 with the support of grants from the Research Grants Council and from the Quality Enhancement Support Scheme. The open lectures by five scholars from Beijing, Germany, Hong Kong, Shenzhen and Australia respectively were delivered to Chu Hai students and staff. The moderator of these seminars was Professor Eden S. H. Yu, Vice-President, Chu Hai College of Higher Education.

Dr Alfred SCHIPKE from Beijing

International Monetary Fund Senior Resident Representative for China. He teaches international trade and finance at Harvard University, John F. Kennedy School of Government.

Topic : China - Recent Developments, RMB Internationalization, and Reforms

In the seminar, Dr Schipke covered recent economic developments, some of the key challenges the Chinese economy is facing, reform progress and key issues going forward as well as the RMB internationalization process and the SDR review.

Prof. Francis T. LUI (雷鼎鳴教授), Hong Kong

Director of the Center for Economic Development, HKUST. Prof Lui has recently undertaken considerable research in modelling the economic impacts and benefits of tourism. He has also undertaken a number of studies on the impact of climate change policies on aviation and tourism.

Topic: How Does Macro/Microeconomics Affect the Share Market in China?

In the seminar, Prof Francis Lui predicted that even the investment rate gradually drops and the total factor productivity (TFP) stops, the GDP in China in 2042 can still reach 3.93 times of today's level. However, if the investment rate remains unchanged and the TFP can keep up with the growth rate of the past 13 years, the effect of diminishing returns can be offset. The economic growth can sustain, resulting in GDP in China in 2042 to reach 9.27 times of today's level.

Topic: 中國金融發展的歷史和面臨的問題 (in Putonghua)

In the seminar, Prof He reviewed the history and development of finance reformation in China with a focus on two major events: the establishments of the modern commercial banks and of the modern investment banks. He also analyzed the basic problems in the current finance system in China in light of China's practical situation and implementing the basic principles in modern financial world.

Prof. Markus TAUBE from Germany

Professor of East Asian Economic Studies / China at the Mercator School of Management and, as a director, chairs the in-EAST School of Advanced Studies at the University of Duisburg-Essen. Since 2009, he has been co-director of the Confucius-Institute Metropolis Ruhr, based in Duisburg. He is a founding partner of THINK! DESK China Research & Consulting, Munich - Hong Kong.

Topic: Relational Networks and Corruption – Just Two Sides of the Same Coin?

In his presentation, Prof Taube looked at the fundamental problems of organizing corrupt transactions from the perspective of property rights theory as well as game theory. The presentation also looked at the question on how far corruption harms economic welfare or rather might make a positive contribution to economic development.

Prof. HE Jia (何佳教授) from Shenzhen

Head, Financial Engineering Department, South University of Science and Technology, Shenzhen, China. Prof He also served as Commissioner at the Planning and Development Committee of China Securities Regulatory Commission and director at the Research Institute of Shenzhen Stock Exchange.

Dr Mong Shan EE (余夢珊) from Australia

Dr Ee is with the Department of Finance, Deakin University, Australia, teaching corporate finance in Deakin MBA program. Prior to Deakin, she worked in the financial industry as a Senior Manager/Senior Quantitative Analyst at the Specialist Risk Analytics department in a banking group in Malaysia, and as an Assistant Professor of Finance at the University of Nottingham Malaysia Campus.

Topic: Momentum Effect in the Australian Equity Market

In the seminar, Dr Ee shared with the audience that the contradictory evidence on the momentum effect in Australian equities are partly due to differences in empirical designs, sample periods and stock populations. Her research assesses the momentum profitability over the most eligible stocks which are constituents of the S&P/ASX200 index. The momentum effect is most pronounced amongst winning stocks for longer holding periods.

專訪郭家強副校長

在接受訪問時，郭家強副校長分享與珠海學院的結緣，始於2013年，當時義務性質擔任新校舍發展的顧問。至2014年，當新校舍計劃全速進入關鍵階段時，他關心學院的發展及在責任心的驅使下，毅然接納新校舍發展計劃總監一職，為「珠海人」出力，主持整個工程發展，工作期間，致力嚴控成本和按時竣工。他預計在今年9月新學年，學院便可遷入自己的永久校舍，師生們可以享用優秀的學習環境和完善的設施。

新國學碩士課程 開創新貌

國學碩士

珠海學院於2015-16學年，開辦了兩個碩士學位課程，包括國學碩士和建築學碩士課程。眾所周知，本學院在國學範疇方面，有著深厚的基礎，為著承傳源遠流長的國學知識，「中國文學系」開辦國學碩士課程，包括一年全日制及兩年兼讀制。

因此，本年度上學期，校園內增添了一些較「成熟」的面孔；其中有一位學生，是來自內地的出家人，包括釋通極法師、釋通妙法師，及心本法師。

她們的出現，帶來一份不一樣的感覺——祥和；曾在地下籃球場，看見法師在長椅上打坐，好像在提醒我們，應該騰空一點時間，淨化自己的心靈。

儒家的感覺：感恩！ 釋通極法師

作為出家人這種特殊的身份來香港修讀碩士學位，會有些擔心。不知道是否可以習慣學校的生活，不知道自己是否會給別人帶來麻煩。

來港之後的這段時間，所有的擔心全部消失。學校的用心和周到，真的讓我們感覺像回家。校長說：不要拘束，有什麼問題都可以來找他，使我們很安心、溫暖。我們的老師，從機

場接我們，安排住處，帶我們買生活用品，教我們如何去學校，不辭勞苦，真的讓人感動。

老師怕我們不習慣，中秋節那天晚上，犧牲全家人團聚的時間，親自駕車帶我們去香港本島去遊玩。很辛苦，感恩這種菩薩精神。

學校的老師、同學都很有修養。對我們這種特殊的身份很尊重，提供種種方便。同學們對我們很友好，主動和我們打招呼，有時還送我們一些需要的書籍。這段時間我們很舒服、很安心、很溫暖，因為有老師、有同學、有校長們。

感恩所有的默默付出者，願大家吉祥如意。

與珠海學院結緣 釋通妙法師

阿彌陀佛！非常開心也非常感恩有這樣一個因緣能走進珠海學院學習！

作為內地的學僧初來香港學習，其中的困難不適應是可想而知的。但是大家的細心幫助，消除了我的種種擔心和顧慮。初來之際，許老師親自去接我，然後安排住宿，之後也經常關心我的生活。校長很幽默風趣，平

釋通妙法師學習導師的學習方法，感覺眼界隨之開闊。

和幫助，在這裡，我深深地感恩！願大家福慧雙增，吉祥如意！阿彌陀佛！

易近人，經常找我們聊天，傳授學習經驗。校內，不管老師同學之間認識與否，大家碰面互相之間都會微微一笑，這種氛圍讓人覺得輕鬆愉快。

課堂上，導師與學生之間的互動偏向西式風格，比較沒有那麼多拘束，自由發揮。當然，導師的專業是不容置疑的，對於我，更多的是學習導師的學習方法，感覺眼界也隨之開闊了，思考問題的角度更廣，是個很好的互相學習的過程。

這就是我對珠海學院的初印象。在這段時間，得到了校長、各層領導、老師，同學及教內法師信眾等等的關心

雖在異地 如同吾鄉 心本法師

古之欲明明德者在於止於至善，而善之所極莫過於志在聖賢，為紹隆佛種，饒益有情，依緣來到香港珠海學院進修，能有此殊勝因緣，誠懇地感恩學校各位領導的大力支持和關心，感恩為我們提供寶貴機遇的社會人士的默默支持與奉獻，感恩常住師父們悉心培育的深情重恩，感恩之情難以形容，唯有以安住當下，認真、勤奮學習來作為回報。

在學校學習期間，各科老師在各自學術領域的專業度，及熱情投入，不僅開闊了學生們的視眼；而且理論與實際結合的講述形式以及從學生角度切入的授課方式，使學生們能如魚得水般地暢遊于知識的海洋，感恩老師們猶似幽若之蘭的無私奉獻，與人方便，手有餘香。在生活上，雖然在異地，但大家的真誠相待與和諧相處，讓學生們感受到如同吾鄉，所謂“無緣大慈，同體大悲”，願三寶加持每一個人，吉祥如意。

感恩老師！

What if one works in Legco

By Michelle Au Tsz Hsing from the Department of English

Before graduating from Chu Hai College of Higher Education next school year, I was honourable enough to be the representative of the school taking part in Legislative Council's 2015 Internship Programme in order to prepare for my future career.

This internship programme held by LegCo was designed to provide students with a chance to understand more about LegCo's functions and operation, as well as an experience to work in the Secretariat.

As a group, student interns were arranged to have interactive discussions with important staff in the LegCo, including the President, Members, the Secretary General, Heads of Divisions and Legal Adviser. Observation of meetings of the LegCo, and its committees, career talk, and mock debate were also made possible under the arrangements.

An interesting incident happening during the internship period was 'wait for Fat Suk'. Lots of members from the Pro-Establishment Camp missed the chance to vote on the method for selecting the Chief Executive by in 2017 only because they wanted to wait for LAU Wong-fat, a representative of Heung Yee Kuk, to cast the historic vote together, leading to the apparently large proportion of members voting against the method, which was otherwise impossible according to my view. After this happening, LO Wai-kok from the functional constituencies declared at his meeting with us, that unlike what somebody said, there was no conspiracy at all concerning the incident, but it was only due to the fact that Uncle Fat was an indispensable member for such a big event. I found it invaluable to be able to obtain first-hand data by meeting face to face with the member because I could obtain the fact directly from the interviewee with a minimum distortion in meaning.

Michelle (M) with her supervisor at the library.

According to our preference, we were attached to different divisions of the Secretariat with or without other interns so as to be guided by our mentors, who are senior staff of the division.

Each intern was assigned to 2 different divisions. For me, these were Council Business Division 4 and the Library of Information Services Division.

Council Business Division 4 is responsible for providing support services to different committees, subcommittees and panels

related to economic development, transport and rules of procedures and so on. During the attachment, my personal mentor had taught me the skills on how to write a good minutes. I was so impressed that he was never tired of my questions and answered each one of them patiently and in detail. I was having an enjoyable time there, partly because I had acquired from my mentor plenty of useful knowledge, like English writing skills and LegCo job application tips, and partly due to the reason that I was having two nice companions. In our leisure time, we had a lot of fun sharing with one another the interesting or funny things happening around us.

My experience working at the library is another unforgettable part of my memories. My partner and I was grateful to be carefully guided by our mentor throughout the whole process, from being explained how the library operate to what the steps of searching information are by utilizing the resources in the library, which would be practical to me throughout my life. The head of the Information Services Division was also so nice that she encouraged us to treat her as a friend rather than a supervisor. Being a senior staff member, not wearing a high hat at all is really hard to come by.

To my understanding, LegCo secretariat acts as a professional team assisting the operation of LegCo. Every staff in the team has the freedom to take any political stance when they are off from work but must take neutral stance while at work. In other words, business is business. Staying professional is not the only thing I admire LegCo Secretariat for, but I also find the management team smart for making the workplace harmonic, which improves the working efficiency of staff by allowing them to keep their head.

I would like to thank Chu Hai College for giving me this very unique opportunity to work as an intern in LegCo. I also appreciate staff in LegCo for giving me so much knowledge, be it about interpersonal skills or language skills. Not only will these skills benefit my studies, but they will also be greatly useful when I officially come out to work after graduation.

山西機遇行

會計及銀行 三年級 梁小昌

參與首屆「晉港青年匯山西機遇行」實習計劃，我被安排到中輝期貨有限公司實習，公司董事長親自來到酒店探訪實習學生；而實習開始前，先安排三天的培訓課程，教導期貨基本知識，行情和分析等。然而，培訓並非草草了事，人力資源主管親自教導，若其中一學員犯錯，便要全體受罰做蹲起二十次，還要向全部同事大聲道歉。另外，午飯過後，公司也要員工做運動，使我深深體會到內地公司文化的色彩。

在中輝實習，不僅只是學會期貨的基本知識，也學懂買賣期貨，使用模擬軟件在真實市場做多和做空，在止贏或止損點平倉，從中找到自己的投資策略，這是書本中學不了的。此外，剛巧遇上中國股市大跌，很多企業停牌，辦公室內同事都議論紛紛，當有最新消息出台，便互相討論和學習，實在是一個寶貴深刻的經驗。另外，工餘亦參與實習機構安排的公益活動，拜訪抗戰老兵。

前世五百次的回眸，才換來今生的擦肩而過。此行不僅認識山西的同事，也結識了三位相處一個多月的好兄弟，也跟山西商會的成員建立一份情誼。

大學回憶錄要怎樣寫？

每一位大學生都擁有自己一本大學時光回憶錄，大學的時光非常有限，這時光一過去就會踏入人生另一階段。每天都是無價的，學校有不同的平台讓我發展，從一年級踏入珠海大家庭到現在，我加入了不少學會，從中學會很多書本以外的知識。這三年裡，我加入音樂學會，樂隊學會及系會等，並擔任學校大小活動的主持，這些經驗都是無價。

江蘇 - 在臨汾旅軍營進行實彈射擊

我在二年級暑假時，參加未來之星舉辦的「星動杭州·未來之星」— 香港大學生暑期內地實習計劃。在這次實習，我深入了解內地的工作環境及文化，與香港的工作文化大有不同。內地的工作節奏比香港的慢很多，實習時要不斷適應內地的文化。

其後我加入了未來之星幹事會擔任內務副會長一職，開始作出不同的新嘗試。2015年的暑假，我共帶三個交流

團分別到河南，陝西及江蘇，而我擔任各團的團長一職，讓我接觸到很多新人物及事情。而當中的河南團是我第一次帶領的交流團，感受非常深刻。從與學員接觸，安排及分配幹事工作，處理學員意見，與內地學生接觸，以至接觸內地領導，每每都讓我膽顫心驚，每次通知各學員行程安排時，都要反覆檢查內容是否準確。不知不覺間我不但增進待人處事的技巧，還認識到更多內地大學生、領導、記者等，把自己的人際網絡擴闊，這對自己的將來是有所裨益及幫助。另外，交流團完結後，我收到學員發來的訊息，感謝我帶團的辛勞。當我收到這訊息時，我心情非常興奮，因為真的想不到會有這種回饋，這對我來說是一種肯定，付出是會有收獲的。

但陝西團卻讓我學懂解難。在行程中，有一站是黃河壺口瀑布，由於酒店到壺口瀑布的路程遙遠，車程來回是大半天的時間，不少學員都感到吃力，學員對此行是有些微言。這次讓我知道面對難題時，需要的不是即時的處理，反而給自己一些時間去與幹事及學員了解及溝通，從而想出解決方法，這做法的成效反而更好。同樣在各樣事情上，回到最初的起點想一想，從頭開始做一次，事情的解決方法及結果還會更有成效及效率。

江蘇 - 與江蘇文匯報新聞主管合照

江蘇團則讓我了解到團體協調的重要性。帶團時協調當地接待及導遊的安排是非常困難，因為行程安排會突然有所改變。當出現改動時，要從多方協調，才能適當安排新的行程並通知所有學員。種種不同的困難讓我學會及掌握更多待人處事技巧，及注重團體工作的重要性。除此之外，行程其中一站是觀賞軍事演練，親身試射自動步槍，看實彈射擊、坦克車開砲、迫擊砲等，每一項軍事演練都讓我大開眼界。特別是坦克車開砲時，我跟幹事學員都在大約五十米外，有一聲強烈的巨響，緊隨著一陣強風，所有人都感受到坦克車的威力。非常慶幸能帶領這個江蘇團，才有機會親身感受這些武器的威力。

非常感謝未來之星給我一個平台讓我發展自己才能，吸收不同方面的待人處事經驗。認識很多不同院校的朋友、內地的大學生、領導、記者等，這些都能對將來有所幫助。這一年的大學時光，過得非常充實，雖然過程是辛苦的，每天都要早起夜睡，但都是值得的。大學時光非常短暫，好好珍惜每一日才不枉過，寫下自己大學的回憶錄。

Thanks IRELAND for everything!

Cheng Wing Nam Vincy, Year 4
Department of Journalism & Communication

Vincy (front row R2) with friends from Hong Kong and Ireland.

It was meaningful, amazing as well as amusing for me to join the International Youth Exchange Programme to Ireland. In this two-way trip, I not only gained knowledge and useful experience but also gained friendship.

Firstly, I became more independent and confident after the inbound trip, which hosted the delegates from Ireland to Hong Kong. We were requested to plan and administrate the programme for the inbound trip. At the planning stage, we had various suggestions and it was difficult for us to accommodate our schedule to suit everyone. I learnt to solve problems with respect and put myself in other peoples' shoes.

Secondly, the administration stage was beset by challenges and unexpected factors. One event in the programme was teaching the children more about Chinese culture and English vocabulary. At its conclusion I understood the importance of working with multi-tasking skills. It was because during the activity, we needed to draw

the attention of the children and explain the rule in both Cantonese and English. This was a good lesson for me!

For the outbound trip, being the representative of Hong

Kong, I got a wonderful chance to experience the unique lifestyle of Irish people from the home visit, hiking and activities conducted in as well as nearby the city. Due to the warm welcome from my Irish friend, the home visit became the most unforgettable event in Ireland for me.

In addition, I appreciated the way how the Irish introduced their country to us confidently and fluently. I decided to slow down my life, not only focus on my study, but try to care more about my society.

To conclude, I was grateful to be selected to represent Hong Kong to attend the trip to Ireland and I really learnt a lot from this exchange programme. Thank you for giving me this chance which made me a better person. I wish that it would help me to contribute to our society in the future.

teachers from Chu Hai and Maryknoll Convent School painted a few floor-to-ceiling murals along the corridors of fifth and sixth floor of the Main Block of TMH. With an aim to lighten up the atmosphere of TMH, the artist brought the murals to life with a few final touch-ups. The project was completed at the end of December 2015.

堅守熱誠及專業能力

謝振漢(右一)回應新傳系同學的提問

2015年11月，旅居加拿大多倫多的新傳系校友謝振漢回母校探訪，向學弟、學妹表達關心及打氣，要堅持對新聞行業的熱誠。

校，與數十名新傳系同學見面。一方面，謝振漢分享個人在加拿大中文電台的工作心得，如何自強不息，

近期，香港的媒體出現了一些狀況。個別電視台的發展存有不明朗因素；而亦有報刊停刊、裁員，有評論形容紙媒正值嚴冬。自然地，新傳系同學會產生疑慮，尤其是對即將畢業的同學，有更直接影響。謝振漢特意回母

在有限資源的情況下，自行應變。另一方面，亦鼓勵學弟、學妹，要堅持熱誠。雖然投身新聞行業可能要面對不同程度的挑戰，但只要不斷自我增值，提高個人的專業能力，自然無往而不利。

先知先覺 自尋發展

社工系畢業的鄭志堅校友，於2015年9月回母校探訪。在訪問中，人稱鄭公子的鄭志堅，分享他的個人發展，如何由香港一名學生運動參與者、社工，搖身一變，在澳洲從事飲食業、推廣及出版工作。

鄭志堅在「珠海」唸社工時，已有服務社會的志向，參加校內學生組織，亦積極參與校外的專上學生團體，走在最前線。先知先覺，為有需要的居民築橋修路，參與中文運動、保釣運動等。畢業後任職社工，為有需要的

人士，如為盲人爭取福利。至70年代中期，他察覺到理想與現實有偏差，於是抽身離開香港，尋找新路向。

開始大展拳腳。在報刊寫專欄，故有鄭公子之稱謂；又從事飲食業，及印制華人社區的黃頁分類及公關工作，在澳洲建立個人事業。

1977年鄭志堅毅然決定移居到澳洲，養晦韜光，自我沉澱一段時間後，思考未來路向。當時當地華人口較少，他了解市場需要後，便

鄭志堅多次提及一句說話，就是「先知先覺，後知後覺」，相信這正是他個人經歷的寫照，洞悉先機，快人一步，理想達到。

春風化雨的決心

2007年 新聞傳播學系畢業 **趙雅莉**

兩度獲表揚老師獎，可喜可賀！

畢業後加入了TVB任資料撰稿員，及後發現自己較喜歡多點互動的工作，便於2008年投身教育行業。還記得第一次走進教室，面對當時一班頑皮的高中學生，對於完全沒有教學經驗的我來說，確實有點驚慌失措，幸運地在整個教學路上，我遇上了不少好同事，每當我懷疑自己是否應該繼續走下去時，他們總會鼓勵我。而學生也因為我的真誠和熱心教學而感動，由一班頑皮的學生，逐漸變得受教，每當看見他們慢慢的轉變，就增添我在教育路上的一份信心，而我分別於2010年和2015年在全校學生和老師投票下，成功得到由敬師委員會和教育局聯合頒發的表揚老師獎項。

現時我是任教中文科，作出這樣決

雅莉分享學生得獎的喜悅。

定，需要很大決心，由於任教中文科必須要專科專教，故需要重新修讀中國語文及文學學位課程，完成修讀後，再於香港中文大學修讀學位教師教育文憑（中文），正式成為一名合資格的中文老師，整個進修過程雖辛苦，但值得的。縱使現在的工作與傳媒談不上關係，但在珠海學院新聞系學到的做事態度、知識和多元思考，對於我的工作仍然是密不可分。

2008年 新聞傳播學系畢業 **葉健東**

在日常的工作中，我的名字是 Stone IP 石先生。對於我的本名，讀者應該不太清楚。我自畢業後就進入屬於 AOL 旗下的科技網站 Engadget 中文版工作，從剛開始「一腳踢」的記者，到後來需要涉及管理的高級編輯合共有六年多的時間。在這段時間內採訪過全球三大科技展：CES、MWC 及 IFC，加上各類型的大小發佈會，算是把科技記者應該做的採訪都做過。

在2014年年底，我離開了這個屬於全球科技網站龍頭之一的網站，決定尋找自己的天地，

向網絡世界出發，務求可以在新媒體與社交網絡行業上達到新的高度。為了這個目標，我毅然組織了新的科技網站 POT. HK 及網上商店 HISTREND. HK，加上本來已有的博客，希望可以構建成一個全新的生態環境，繼續自己的事業發展。
